The status of the claims is as follows:

Claims 1, 11, 13-14, 16, 18, 20, and 22 have been cancelled; and

Claims 2-10, 12, 15, 17, 19, 21, and 23 are herein addressed below.

The drawings are objected to because in figure 4, the lines are not clear, clean, and crisp. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Claim 9 is objected to because it is not clear if the applicant is claiming two vehicle bodies or one. [see claim 9, lines 1 and 6, which recites "a vehicle body"]

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 2-10, 12, 15, 17, 19, 21, and 23 are rejected under 35 U.S.C. 102(b) as being anticipated by EP patent no 0 262 283 A1 to Rieder. As shown in Figure 2 below, EP patent no 0 262 283 A1 to Rieder discloses a vehicle body (11) comprising a window regulator having a lug (9), a window guide rail (3) defining a window guiding direction with the guide rail (3) having two ends with the lug (9) attached to one end, a bridge fitting (20) having an upper surface (24), the lug (9) further comprises a first part (14) for fixing to the guide rail (3), and a second planar part/portion having an oblong hole (15 and 21 is the second part and 28 is the oblong hole and only the portion that contacts upper surface 24 is the second part) defining a plane fixed by screwing (22 and 23, see figure 3) onto the bridge fitting (20) with the screwing direction being a normal line (at an angle of about 45 degrees) substantially perpendicular to the plane and the normal line is inclined relative to the window guiding direction.

Applicant's arguments with respect to claims 2-10, 12, 15, 17, 19, 21, and 23 have been considered but are moot in view of the new ground(s) of rejection.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
